

GreenVault (GRVT) – One Pager – Blockchain for a Greener Future

Revolutionizing Sustainability with Blockchain

GreenVault (GRVT) is a blockchain-powered initiative that transforms **CO₂ into organic matter** through large-scale **jojoba tree plantations**. By integrating **carbon credit tokenization**, **NFT-backed tree ownership**, and **sustainable jojoba oil production**, GRVT offers a **real-world impact investment** opportunity.

Why Invest in GRVT?

- **Tangible Sustainability** – Jojoba trees sequester CO₂, generate carbon credits, and produce high-value jojoba oil.
- **Blockchain Transparency** – All transactions, carbon offset data, and rewards are recorded on-chain.
- **Passive Income** – Staking rewards, NFT tree ownership, and carbon credit trading provide multiple earning streams.
- **Real Utility** – GRVT token facilitates purchases, governance, and carbon offset verification.
- **KYC Verified** – Fully **KYC-approved by Cyberscope**, ensuring a secure and compliant project.

Tokenomics & Fund Allocation

Total Supply: 100,000,000,000 GRVT
